To the Class of 1982,

You, the members of the Class of 1982, have etched your mark in the record book of Arlington High School along with those classes that have preceded you. Despite the hardship of construction and its related problems, you managed to achieve great success both in the classroom and in extra curricular activities. You have made many positive contributions to Arlington High School and you have set the standard for future classes.

Good Luck in the future and remember to make your decisions wisely and carefully, recalling that the easy road is not always the best.

Respectfully,

Thomas M. Reis
Headmaster

Four years ago you entered A.H.S. as the "little kids" — the freshmen. Now you are leaving as "the" Seniors. If I could give the Class of '82 three gifts, they would be understanding, encouragement, and love.

I would give you understanding to help you get along with all of those around you. If you are too busy to try to understand those around you, you might miss finding a very special friend.

I would give you encouragement so you will know no bounds in your goals and ideas. The world is yours — take it — find the cure for cancer, the secret of mars!!

I would give you love. With love you can conquer the world and bring to everyone peace.

I hope that years from now, as you dust off your yearbook, you will find that all three of these gifts have indeed come true.

Love,
Pauline Finberg

To The Class of '82:

The twelve years of formal public education have ended. For some of you, graduation begins a new stage of your educational and intellectual development. For others, the "working world" now becomes a reality.

We, at Arlington High School, have attempted to foster a more positive attitude towards education. To accomplish this, there have been some radical changes in the four years you have attended Arlington High School. Some have not understood why these changes were initiated. I suppose the bottom line in doing it is trust . . . Trust that it was done with both good intent and for a good reason.

I am proud of both the school and its students. I will miss you all! Each one of you has left something behind that has affected me. I have learned a great deal from you and will treasure these memories. Good luck and best wishes to you all.

"The superior person is eyes for the blind, strength for the weak, and a shield for the defenseless. They stand erect by bending above the fallen. They rise by lifting others."

Richard D. Collomb

FOR THE CLASS OF 1982

When each freshman class assembles for the first time, graduation seems an eternity away. Ahead are four years of study, final exams, challenges, frustrations, school lunches, bells, lectures, rules and regulations, the whole school picture. But, as you can see, graduation is not an eternity away; it is here, and again we prepare to say "so long" to our seniors. This is difficult, because even to say "so long" is painful. A FEW years ago, when I graduated from Arlington High School, I remember a feeling of sadness, despite the festivities of Senior Week. I hope you feel a little of that sadness too, because it means that now as you leave, you are taking a part of Arlington High School with you. Look back on your four years with pride and with a sense of belonging, because you do belong and you always will. My love to all of you!

So long!
Nanci Ortwein

CLASS 1982

I leave to you a favorite quote of mine . . .
"the individual who follows the crowd, will usually get no further than the crowd, the individual who walks alone is likely to find him/herself in places no one has ever been before.

You have two choices in life: you can dissolve into the mainstream, or you can be distinct. To be distinct, you must be different. To be different, you must strive to be what no one else but you can be . . . "

Vincent J. D'Antona
Administrative Counselor

As freshman you were asked to be good kids and try your best. Your spirit has been tremendous, a tribute how obstacles can be overcome. Of course student obstacles happened now and then, the walkout, red and gray marbles, the flooding of G-gym . . . Yes you were a good group 82. May intelligent choices keep everyone young. Also, I wish good health and much happiness.

Richard Hall

All right who's next?

Secret Rendez-Vouz

Dedication

We dedicate this book to all of those who will follow us. These future students will be able to enjoy this new school and all the hopes and goals that it will inspire.

As we lived through all the renovations, we looked forward to the day it would all be complete. Now as we leave, and see everything completed, we know that the future students will have the best — which is what they deserve.

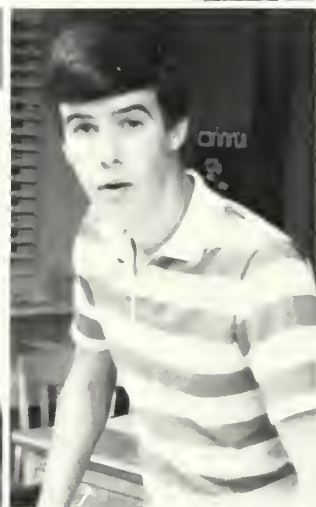

Hey it's cool, so get on down for your school, just jump and shake and perculate and get on down to Arlington High School!

The Last Assembly

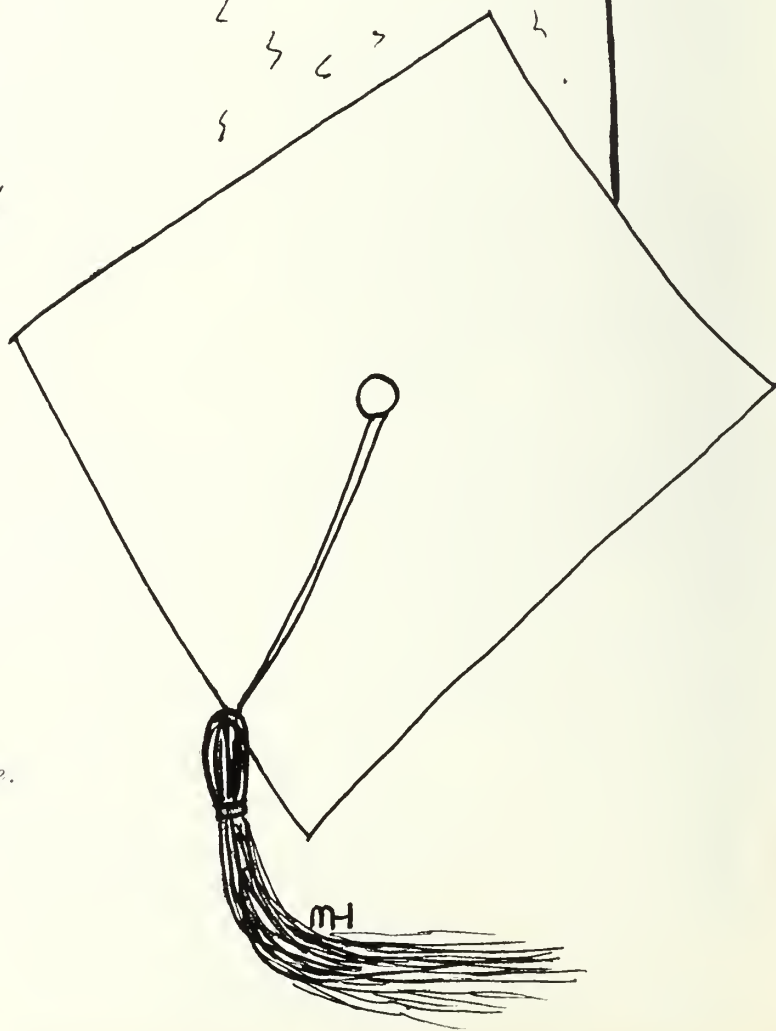

*As I walked to the last assembly,
There were tears in the back of my eyes,
And I saw all my friends all around me,
They were there to wish me goodbye,*

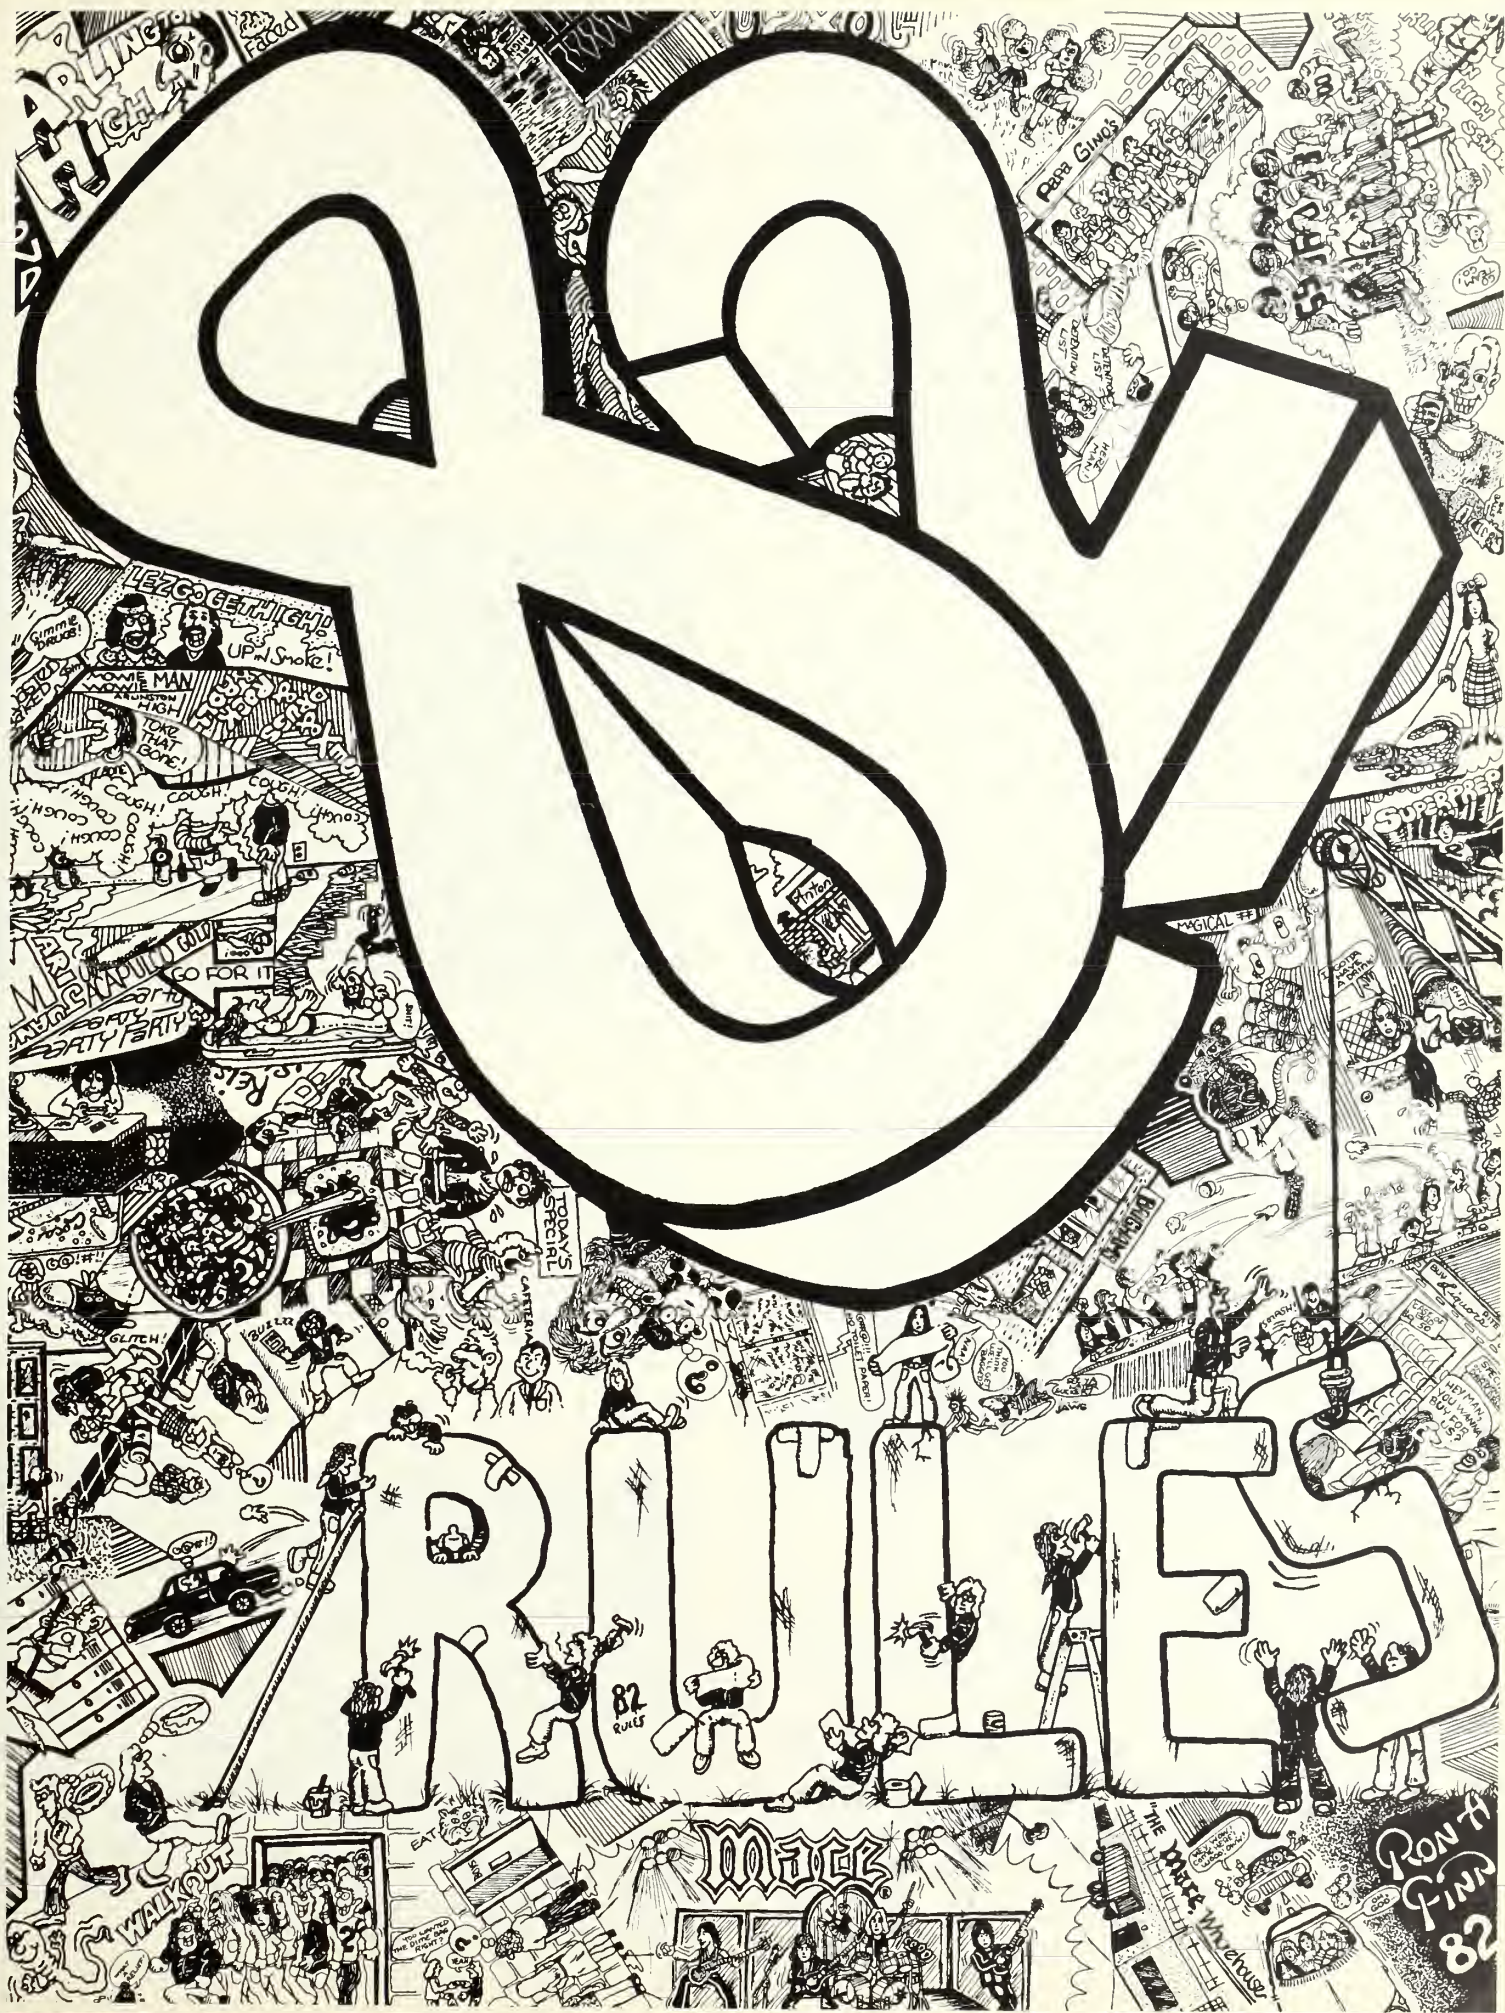

*As I stood in a line with my comrades,
I felt such a feeling of pride,
And I forgot all the grief and the hatred
inside,
As we sang for the very last time,*

*Gather round, gather round,
Everybody gather round.
Come and join our last assembly,
Let us smile, wipe away all the frowns.*

*Gather round, gather round,
Everybody gather round,
As we stood at the last assembly,
All my friends came to wish me goodbye.*

*Gather round, gather round,
Gather round, gather round,
Everybody gather round.
As I stand at the last assembly,
I just can't keep the tears from my eyes.*

My birthday is August 29, 1963. I have lived in Arlington for four years before living in Arlington I lived in Southbridge which is in the western part of the state. I lived in Southbridge for ten years. I have one brother and one sister who are both older than me. In school I have been involved in the debating club. I am working on the yearbook. I have also been in the library aides club. I have worked as a library aide and in the nurse's office. Thanks mom and dad. Good luck everyone.

The best years of my life? I hope not, but I guess it's been worth it.
Freshman year? A struggle in many ways, but on the whole a good
beginning. Life as a sophomore? Getting on an even Keel, beginning to
adjust to the construction Junior survival? Huge amounts of work,
Frustration a plenty but looking ahead. Senior year? looking like the best
of the bunch.

Looking back, is one thing that I can say for sure is that these are the best 4 years of high school I ever spent. The Gospell according to Doctor Arthur and J. Cotter, and the skillful web of Miss Miller have had a permanent effect on me as has consultation with Mr. MacDonald which has shaped my future. Finally, I would like to thank my teachers and parents and commend them for the fine education and opportunities that have been given to me because of their efforts. AMEN.

GROWING

To grow is to learn to laugh and cry, to grow is to face up to things, to except this goodbye. To grow is to except what happened in the past, to grow is a word that happens too fast. When you start forgiving and forgetting the hate you knew, that is the time you say you grew. Grew into a better stronger person today, ready to face the tough world and make your own way. If you don't know you are very lucky today, the todays will all be tomorrows and the happiness all gone away.

Let those who ride, let Lenny decide!

Test Prayer

Now I lay me down to study.
I pray the Lord I won't go nutty.
If I should fail to learn this junk,
I pray the Lord I will not flunk.
But if I do, don't shed a tear,
Just put a rose behind my ear.
Tell my teacher I did my best.
Then pile my books upon my chest.
If I should die before I wake,
That's one less test I'll have to take.

D.E.C.A. members spent many hours running the school store, planning the Hot Chocolate Shop, and preparing for the district and state competitive conferences. The year started off slowly, but built up to a whirl as the tomorrows became yesterdays, relationships were welded, and many new friends were made. From Octoberfest to Commencement; four hard years spun off a time in our lives.

ONE LAST TIME

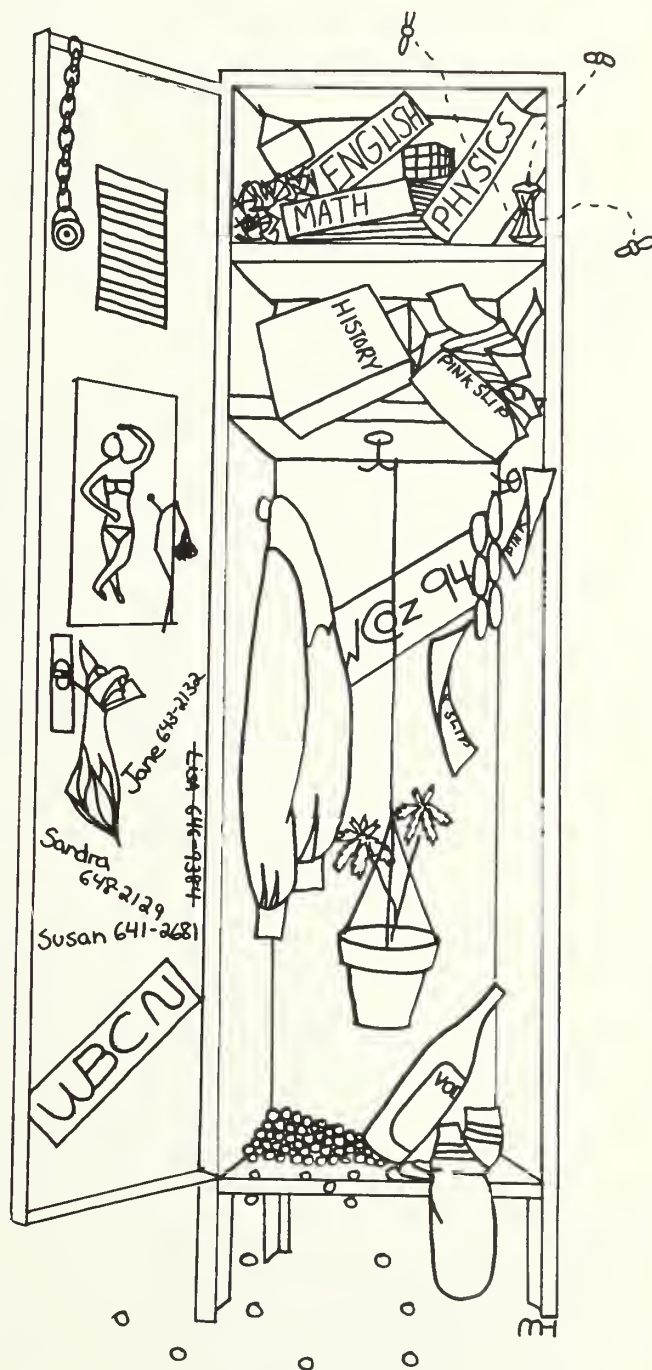

The Big Three

These are students who somehow made it into all the pictures. We apologize to the other students who are not seen as often and we hope that this page will serve to punish those who are so photogenic.

Memories return like echoed voices,
 Closed eyes looking back,
 Missing those days that were innocence.
 Part of us is where we've been, likewise
 Our ghosts permanent shadows left upon each
 place.
 Dreaded days past, cherished memories
 now.
 But, future holding even greater times
 than those times remembered as
 Good old days.

Kris Van Valkenburgh

Last Will and Testament

- I John Barter, leave all my appointment slips to Ms. Ostaren.*
- I Brenda Burns, leave my locker decorations to any fool to keep them up without a hassle from the house.*
- I Arlene Boyajian leave, a new suit to James Ecker*
- I Ron Bergstrom, leave only the bad times behind in a briefcase full of blues.*
- I Paul Canty leave my alligators to the underclass preppies.*
- I Philip Caparelli, leave my "Goule" to everybody who swings including the Keelan sisters.*
- I Gabrielle Capolupo, leave a piece of my mind to the one who has none.*

LUNCHROOM LUNITICS

Don't Quit

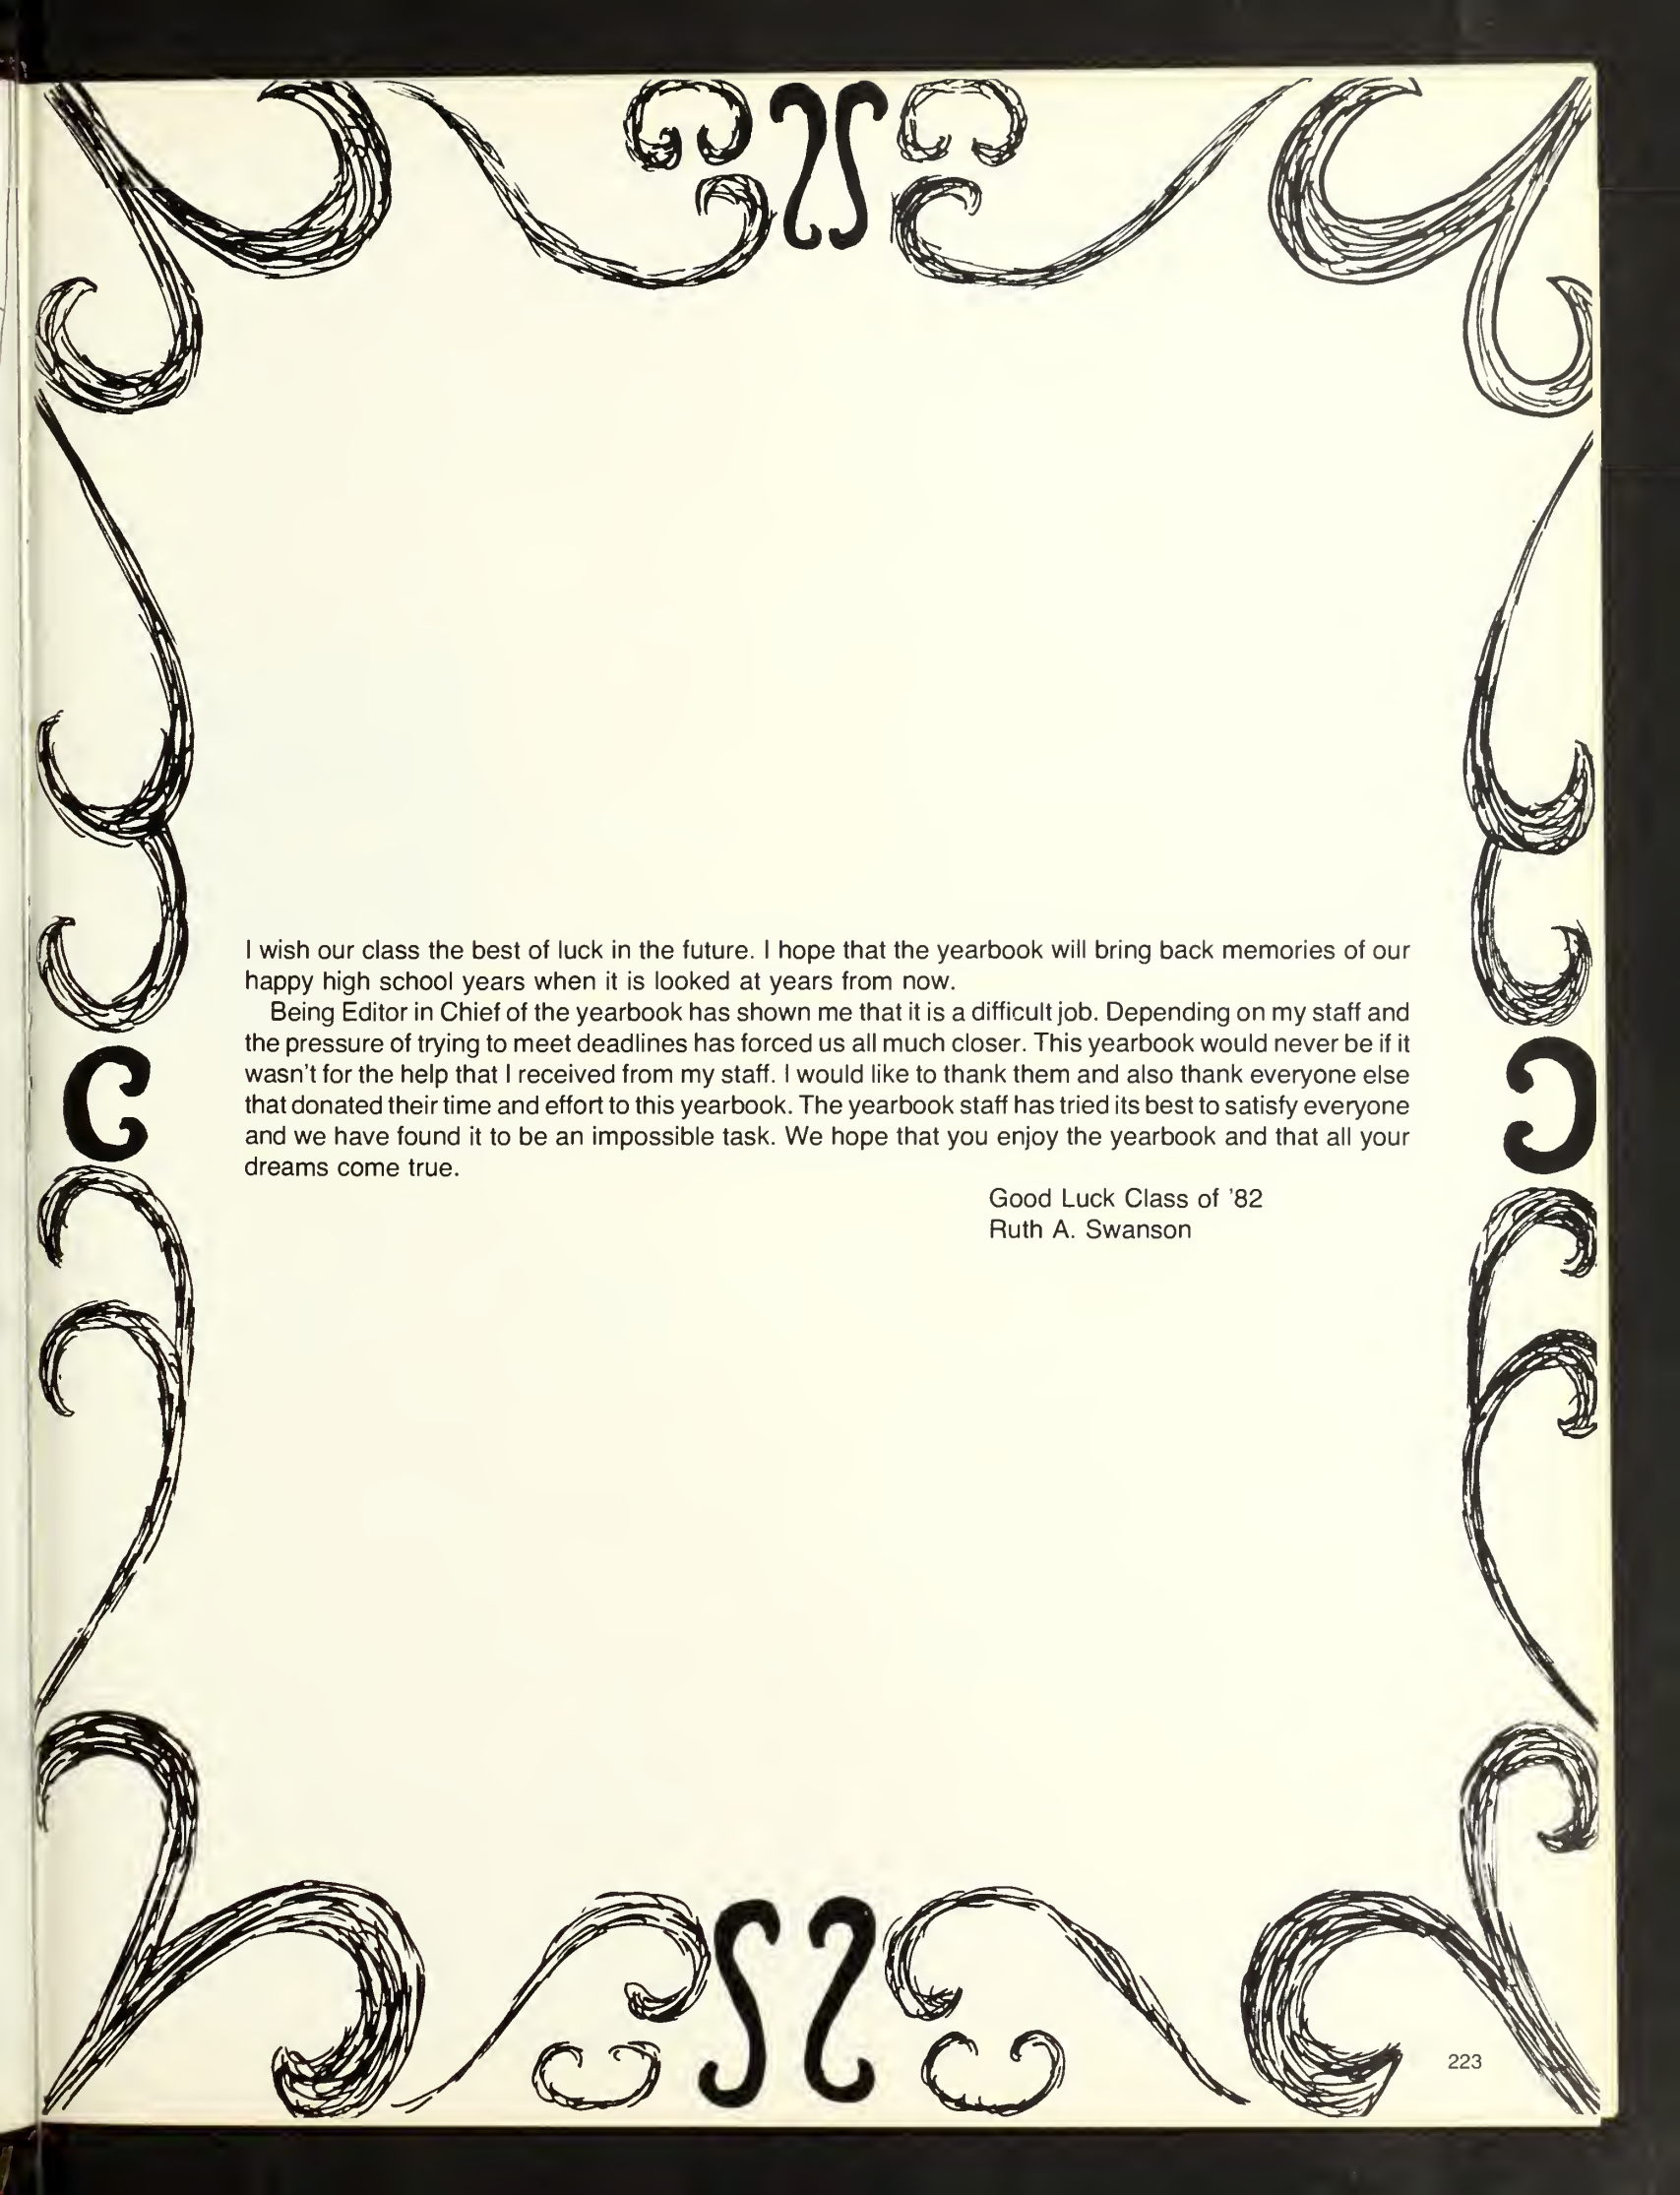

When things go wrong, as they sometimes
will,
When the road you're trudging seems all
uphill,
When the funds are low and the debts
are high,
And you want to smile, but you have to
sigh,
When care is pressing you down a bit —
Rest if you must, but don't you quit.

Life is queer with its twists and turns,
As every one of us sometimes learns,
And many a fellow turns about
When he might have won had he stuck
it out.
Don't give up though the pace seems slow —
You may succeed with another blow.

Often the goal is nearer than
It seems to a faint and faltering man;
Often the struggler has given up
When he might have captured the
victor's cup;
And he learned too late when the night
came down,
How close he was to the golden crown.

Success is failure turned inside out —
The silver tint of the clouds of doubt,
And you never can tell how close you are,
It may be near when it seems afar;
So stick to the fight when you're
hardest hit, —
It's when things seem worst that you
mustn't quit.

I wish our class the best of luck in the future. I hope that the yearbook will bring back memories of our happy high school years when it is looked at years from now.

Being Editor in Chief of the yearbook has shown me that it is a difficult job. Depending on my staff and the pressure of trying to meet deadlines has forced us all much closer. This yearbook would never be if it wasn't for the help that I received from my staff. I would like to thank them and also thank everyone else that donated their time and effort to this yearbook. The yearbook staff has tried its best to satisfy everyone and we have found it to be an impossible task. We hope that you enjoy the yearbook and that all your dreams come true.

Good Luck Class of '82

TO JOE PANICO
NO SWEAT

He sometimes gives his parents a fret.
His grades, tho nifty, are no sure bet.
Especially when he flitters about,
He has that preppy style, no doubt.
It seems his extracurricular bent
Will cast his life as a leisurely gent.
Of him, it's said, "the games the thing,"
Studies must wait for one last fling.
But through it all, we have no regret.
In fact, we love you, and that's "NO SWEAT."
